The prior art, alone or in combination, fails to teach or fairly suggest the limitations "creating a second trigger by adding a second link to the first trigger and changing prompt associated with the first trigger to call for least two alternative actions including a first action for displaying information associated with the first link and a second action for displaying information associated with the second link; and placing the first trigger with the second trigger within the television broadcast."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
